INDUSTRIES DEPARTMENT

NOTIFICATION

Simla, the 9th April, 1956

No. P-11-3/56.—In exercise of the powers conferred on him *vide* Government of India, Ministry of States letter No.F.37(3)-W/52, dated the 12th December, 1953, read with their letter No.F.31(10)-W/54, dated the 8th July, 1954, the Lieut.-Governor, Himachal Pradesh, is pleased to publish the following Rules for general information.

RULES GOVERNING SUPPLY AND USE OF STATIONERY STORES IN HIMACHAL PRADESH

Starting from April 1, 1956, a Stationery office has been started in the Himachal Pradesh Government Press,

Simla, under the control of the Controller, Printing and Stationery, Himachal Pradesh.

1. The Stationery Office stocks articles of stationery required for the use of the Government offices of Himachal Pradesh.

2. Stationery will be purchased in accordance with the rules prescribed for the purchase of Stationery and Printing Stores for public service in Himachal Pradesh.

3. (1) Stationery is obtained either free or through book-debit or on payment in cash. A list of officers who are entitled to free issues is given in Appendix 'A', those entitled to draw through book adjustment in Appendix 'B', while those who can draw on payment is given in Appendix 'C'.

(2) Requests for addition to the names in any of the Appendices shall be made to the Secretary to Government in the Industries Department through Heads of Departments.

(3) The prices charged to the indenting officers in Appendices 'B' and 'C' will be 5% and 10% above those entered in the price list plus packing and forwarding charges.

(4) Supplies to the indenting officers mentioned in Appendix 'C' will be made only if in the opinion of the Stationery Office the existing stocks are sufficient to meet the normal Government requirements and stationery demanded can be spared.

(5) Indenting officers in Appendix 'C' will first obtain in writing from the Stationery Office, an availability certificate and within ten days of the date of such certificate remit either in cash or by money order or by remittance transfer receipt the cost of stationery mentioned in the certificate so obtained. If no money is received within the stipulated period the availability certificate will be deemed to have been cancelled.

(6) In the event of a non-availability certificate being given by the Stationery Office, local purchases will be resorted to by officers mentioned in Appendix 'C'.

4. (1) Subject to any general or special orders that may be passed by the Government, monetary allotment shall be made annually in favour of the Heads of the Departments by the Controller, Printing and Stationery.

(2) Heads of Departments will in turn split this allotment in favour of various offices under their administrative control and communicate within three weeks to the Controller as well as the different offices concerned the amount so allotted to each office.

(3) Heads of Departments who feel that the allotment made in their favour is not sufficient should intimate before 1st August each year to the Controller, Printing and Stationery the amount which they desire to be included. Funds permitting, attempt will be made to increase the allotment.

5. (1) After the receipt of the allotment order mentioned above in 4(2) the indenting officers will proceed to draw up their stationery requirements for a period of twelve months and submit it to the Stationery Office on the prescribed form.

(2) Indents will be prepared on the basis of actual consumption of the past three years with due regard to (a) probable requirements, (b) the standard scale of supply of important articles of stationery given in Appendix 'D' which should be regarded as the maximum, and (c) the possibility of effecting economy.

6. If an indent exceeds the sanctioned allotment the Stationery Office will reduce the articles indented for at its discretion within the limits of the allotment.

7. (1) Indents received from officers mentioned in Appendix 'A' will be complied with in full to the limits of their annual allotments if the indents are valued at 75%.

2

or less of the annual allotment. Such indents will not be subjected to detailed checks. Mathematical mistakes will of course be corrected.

(2) Where the value of the indent exceeds 75% of the allotment but is within the annual allotment, a detailed check will be carried out in the Stationery Office with a view to see if any economy can reasonably be effected. Cuts made in the annual indents as a result of the above scrutiny will be intimated to the indenting officers.

(3) Indents should be prepared in duplicate and only one copy should be forwarded to the Stationery Office for necessary action. The second copy should be retained in the indenting office for records and future reference.

8. (1) Officers mentioned in Appendix 'A' and 'B' shall as a rule obtain their stationery requirements from the Stationery Office. Local purchases of stationery by these officers will be resorted to subject to financial limits imposed under rule 13 of the Stationery Purchase Rules.

(2) Local purchase will be resorted to:—

(a) in case of sudden exhaustion of stock, when the emergency does not permit of a Supplementary Indent being sent;

(b) when a special article not stocked by the Stationery office is required, but in such cases a non-availability certificate should first be obtained from the Stationery Office.

(3) Local purchases will be paid from the contingent budget of the indenting officer concerned.

9. Indenting officers in Appendix 'A' and 'B' should send their indents so as to reach the Stationery Office by the dates shown against each which have been fixed one month ahead of the supply.

10. Indents for drawing material by subordinate offices should be sent through the Head of Department who will please carefully scrutinise the same to check justification of the stores demanded.

11. Rubber stamps will not be supplied by the Stationery Office and should be locally prepared, the cost being met by the Department from its own contingencies.

12. (1) No office is entitled to send more than one Supplementary Indent of an urgent nature and one of ordinary nature.

(2) Supplementary indents of an urgent nature stating the reasons for the urgent demand and duly countersigned by the Head of the Department, will in normal course and subject to availability of stock, be complied with by the Stationery Office within a week.

(3) Ordinary supplementary indents subject to condition mentioned in (2) above will be supplied within 15 days.

13. (1) When complying with the indents, the Stationery Office may substitute articles, when articles indented for are out of stock or when some cheaper articles would obviously suffice.

(2) In the event of any disagreement between the indenting officer and the Stationery Office as to the utility of such substituted articles, the matter will be referred to the Director of Industries for a decision.

(3) The Stationery Office shall record in the appropriate column of the invoice all changes, short supply with reasons and the fact whether any article not supplied will be supplied later.

14. Funds not utilized due either to non-availability of stock or cuts imposed under rule 7 (2) above will stand lapsed at the end of the financial year and Departments/Indenting Officers cannot claim such stores on the basis of old indents in the next year. Such stores, subject to availability, can be supplied against next year's indent.

15. (1) The following classes of demi-official note paper with matching envelopes will be stocked by the Stationery Office and can be issued for use of officers:—

(a) Ordinary	5½ x 9 inches
(b) „	7½ x 9 inches
(c) „	9 x 11½ inches.

(2) These will carry the words 'Government of Himachal Pradesh' printed in blue ink on the right hand top corner.

(3) These when issued for the use of officers with the status of Secretary to Government and Members of the Legislature can bear the name of the officer and the State Crest printed in blue ink and for this, printing requisition should accompany the stationery indent.

16. D. O. papers on superior quality paper with matching envelopes embossed in two colours will be used only by the high dignitaries of the State (Heads of State, Chief Minister and other Ministers and the Hon'ble Speaker of the Assembly). Envelopes will be type printed only.

17. Supplies of all items of stationery will be made by the Stationery Office through invoices in duplicate.

18. Supplies will be made through cheapest routes and conveyance, by goods train or goods carriers freight to pay. Officers wishing to have their goods consigned through passenger train should mention the fact in red ink on the indent form.

19. Before taking delivery the weight of the package or packages must be verified against the weight given in the railway receipt. In case of discrepancy open delivery should be taken and items compared with the invoice. Should any item be discovered short claim should be made on the transport agency. Claims for short supply will not be entertained for reimbursement where the above procedure regarding taking delivery from the transport company has not been followed.

20. Packages on receipt must be opened in the presence of a responsible official (not below the rank of Superintendent or Head Ministerial Assistant in case of Subordinate offices). Shortage claims will not be entertained if this condition is not complied with.

21. One copy of the invoice will then be returned to the Stationery Office after being properly receipted by the official who witnessed the opening of the packages.

22. Any deficiency or excess in any of the packages must be reported to the Stationery Office at once, but the return of the invoice should in no case be delayed because of any deficiency or any correspondence in this connection.

23. Complaints regarding goods damaged during transit must be accompanied by the Indenting Officer's opinion and grounds therefor, whether the damage was due to bad packing or maltreatment during transit. Damaged articles should not be returned unless asked for.

24. (1) Complaints regarding defective supply should clearly state in what way the store is considered defective and unsuitable for use.

(2) Complaints will be properly inquired into by the Stationery Office and suitable action taken on the result of the investigation.

25. (1) Where orders regarding receipts have been properly complied with short supplies to the value of Rs. 10 will be made good by the Stationery Office at its discretion.

(2) In cases of large deficiencies the defaulting end should hold thorough inquiry and recover the cost from the party responsible.

26. In cases where the rules regarding receipts have not been complied with the Indenting Officers should fix the responsibility after holding an inquiry and take

steps to realise the amount of the stores lost from the individuals found at fault. The Stationery Office will in its turn report the loss of the Stores to the Accounts Officer of the Department for watching recovery in the course of annual audit.

27. In cases of offices situated in Simla, intimation to the indenting officers will be given by the Stationery Office as soon as the articles are ready for issue and the indenting officer will depute a responsible clerk to collect the stationery. No shortage reports will be entertained in such cases.

28. Stocks of stationery in the Departments/Branches should be kept under the charge of some responsible assistant, under lock and key in the form shown in Appendix 'E'.

29. Stationery must be issued for office use and on no account for other than public use.

30. Stationery shall only be issued monthly to officers and officials in charge of branches and sections on regular requisition in form shown in (Appendix 'F').

31. Superintendents or Head Clerks will see that articles over and above the schedule are not issued to any Assistant under ordinary circumstances. Under extraordinary circumstances over issues may be made with the written permission of the indenting officer.

32. The Stationery clerk will obtain the signature of the person to whom stationery is actually issued.

33. Typewriters and duplicating machines will continue to be a charge on the contingencies of the indenting officers. There will, therefore, be no free issue for these from the Stationery Stores. The purchase will nevertheless be made by the Stationery Office. Subordinate offices should send their requisitions through their Heads of Departments and state clearly in the requisition whether funds exist in their own contingencies budget to meet the expenditure. A current price list will be circulated from time to time as and when revised.

34. The average life of a standard typewriter is ten years while that of a portable which is frequently taken out on tour is 7 years. Typewriters in replacements will only be supplied when the manufacturer's representative has condemned the machine in writing.

35. Condemned machines when replaced should be sent to Stationery Office who will arrange auction in lots.

36. The stenographer or typist to whom a machine is issued will be held to be in charge of the machine and be responsible for its upkeep and care. He will clean the machine daily and oil the machine according to the instructions of the manufacturer's mechanic.

37. The stenographer or typist shall use typewriter supplies — ribbons, carbons and erasers efficiently and economically. Maximum use should be made of each article by turning ribbons if possible and by cutting exhausted portions of a carbon if some unexhausted portion can still be used.

38. After an initial issue of carbons and ribbons fresh issues will be made only on the return of the previous used stock.

39. Superintendents and in case of other subordinate offices other ministerial officials will keep a proper check over stenographer/typist so that they follow instructions contained in rules 36 to 38 above. They will also regulate issue of carbons and ribbons as per rule 38 above.
